about the course presenter

Nicholas Krul is a professional business social media trainer and coach, and holds a BSc Zoology degree from the University of Pretoria, with a specialization in Entomology (insects).

He is the dad to Riley (13) and Reid (11), who are both homeschoolers.

We will be studying the Weather & Water unit from The Good and The Beautiful.

Click here to download the unit study sample pages.

- All modules will be presented live, online and recorded for later review.
- To enroll on this course you MUST purchase the course materials from The Good and the Beautiful website.
- The point of the course is to expose your kids to new and interesting learning opportunities.
- Each family need to have their own manual which you should buy from the Good and the Beautiful website (\$19.99), and print at home, or have printed.
- Each child will need their own journal. You must purchase the pdf yourself from the Good and the Beautiful website, and print yourself. There are 2 journal options, one for Gr 3-6 (\$9.99) and one for Gr 7-8 (\$9.99).
- There's also a science activity book available for kids from 5-7 years old. This can be used instead of a journal.
- Buy and download the PDF student journals and course manual at the following link: <https://www.goodandbeautiful.com/collections/weather-and-water> (scroll down to "Buy Downloads")
- We will suggest a project during this unit. Each child will have the opportunity to do a project at home.

Please contact us for any further information.
